

In 1993 my wife and I suffered a horrifying accident in my car, and that's when I contacted the law office of Kenneth A. Wilhelm. We received excellent help and care from Mr. Wilhelm. I was Surprised that within six month the case was settle with a fair sum. After I recommended him to a few of my friends they informed me that they were also very pleased with his work.

In 2008 I was a pedestrian in a motovihical accident, and I once again contacted Wilhelm who responded with great help. Shortly after six months I got a suspiring settlement. I thank god for helping me make the right choice with Mr. Kenneth A. Wilhelm and his firm. Because of this I highly recommend him
