To whom it may concern

After a serious automobile accident, I contacted the law office of Kenneth Wilhelm.

My experience with his law firm was terrific. After my initial contact with Mr. Wilhelm, I felt that me and my family would be taken care of. His investigator, support staff, and attorneys worked quickly and diligently securing a settlement that I am very happy with. Mr. Wilhelm and the work that his firm did made a stressful time in my life filled with uncertainty the best that it could have been under the circumstances.
